Question for pairs

- They say that we can be part of the problem or of the solution. The world is going through apparently hopeless situations in many aspects. There is a clear need to unite our skills and wills to do something to create a better world.
- Have you participated lately in some initiative at a personal, family, work or community level in which you felt truly useful, alive, energized or happy to be doing your part of the solution? How was it? With whom? What personal values did you use?

Question for the group

- What are the three main factors in becoming an agent of world benefit?

MOTIVATION-the key to enthusiasm

- There are two types:
 - EMOTIONAL – to escape from
 - Apathy
 - Routine
 - Boredom
 - SPIRITUAL – to find the motive
 - Why should I do it?
 - How does it help me or others in a positive way?
 - How to carry it out in a precise way?

Inner reflection - the first steps

- 1) Stop what you are doing and dedicate time to know yourself
- 2) Sit comfortably
- 3) Observe what is happening around you at this moment - sounds, voices, movement
- 4) Observe that you are not only at the center of these physical aspects. You're at the center of your 4 R's - observe them in a detached way.
- 5) Start the process of introversion to identify your IQ's
- 6) Meditates on each one of them in the form of a conversation with yourself.
